- Certificate

Values

- Improved productivity and quality
- Reduced production issues
- Lower downtime
- Fast onboarding

Our Tightening Technique trainings

- Our e-learnings and Learner Portal make it easy to achieve basic knowledge of tightening technique
- We offer webinars and classroom training for higher proficiency
- The courses can be tailor-made and offered at different levels: Basic, Advanced, and Expert
- The course is usually 1-3 days long, depending on customer requests. This training is often a mix of theoretical and practical sections.

Best if combined with
